- Metsweding – (Gauteng) - 0 hosp, 1 CHC, 13 PHC, 2 mobile clinics
- Strengths: DOH leadership & QI partners network

# Activities - Training

- QI training
- M & E training
- Basic & advanced paediatric HIV management training
- Support group formulation & sustainability training
- PMTCT training

# QI activities

- Formulation of QI teams within sites
- On site mentorship and coaching focusing on PDSAs
- QI partners networking
- Review of statistics and assistance with data management issues
- Assisting sites with run - charts
- District task team meetings

# Community involvement

- Mobilisation campaigns done except Metsweding which is scheduled for September 2009.
- Door to door campaigns
- Community dialogues
- Involvement of local NGOs and CBOs

# Plans

- Employ more Quality Mentors in these districts.
- quarterly QI learning sessions to share experiences
- Monthly district task team meetings and involvement of PHC
- On site coaching and mentorship especially on PDSAs for identified gaps on the PMTCT pathway
- QI teams existence in all sites
- Continue with QI networking with partners

# Challenges

- Data quality
- Strengthening the QI teams

Thank you!
